CASPIAN OIL AND GAS
GATHERS LEADING
EXPERTS

CASPIAN OIL & GAS HAS BEEN A MEETING PLACE FOR LEADING OIL, GAS AND ENERGY PROFESSIONALS – A PLACE WHERE MEMORANDA, AGREEMENTS AND CONTRACTS FOR FUTURE COOPERATION ARE SIGNED. THE LIST OF EXHIBITORS AND CONFERENCE PARTICIPANTS INCLUDES THE LEADING OIL AND ENERGY COMPANIES OF THE WORLD.

25th International CASPIAN OIL & GAS EXHIBITION

29 May 2019

Mr. President said: Since its inception, this prestigious, impressive and traditional event has become a leading platform for delivering the main trends and strategic principles of the oil and gas industry of our country to the international community. Its coincidence with the 25th anniversary of the 'Contract of the Century,' the cornerstone of the oil strategy initiated and implemented by our National Leader Heydar Aliyev, further enhances the importance of this year's exhibition and conference. This year marks another event in our country's oil industry; seventy years ago, in 1949, the world's oil and gas industry opened a new era with the start of the first offshore oil production in the legendary Oil Rocks in Baku. Nowadays Azerbaijan holds a well-deserved place among the major oil and gas exporting countries. Our achievements as a result of the dynamic development of our country, which has undergone a strong socio-economic upsurge, have contributed to significant progress in all sectors, including the non-oil sector, by diversifying the national economy.

THE PRESIDENT OF THE REPUBLIC OF AZERBAIJAN MR. ILHAM ALIYEV, WHO TRADITIONALLY CHAIRS THE OPENING CEREMONY, CONGRATULATED PARTICIPANTS, GUESTS AND THE ORGANIZERS ON THIS SIGNIFICANT EVENT.

LETTER FROM PRESIDENT OF USA TO PRESIDENT OF AZERBAIJAN ON THE 26TH THE CASPIAN OIL AND GAS EXHIBITION

Donald Trump
President of USA

Dear Mr. President!

Please accept my best wishes as you celebrate the 26th anniversary of the International Caspian Oil and Gas Exhibition.

Azerbaijan is more prosperous and connected to the global economy than at any time in its history. Oil and gas production from Azerbaijan continues to increase stability in world energy markets, including through the Southern Gas Corridor. Azerbaijan can play an even greater leadership role by partnering with other potential suppliers, such as Turkmenistan and countries in the Eastern Mediterranean. Now is the time to expand on your country's success.

ANNUALLY, HIGH-RANKING GUESTS FROM DIFFERENT COUNTRIES COME TO THE EXHIBITION AND CONFERENCE. WELCOME LETTERS WERE READ AND GREETING VIDEO MESSAGE WAS BROADCASTED IN HONOR OF THE OPENING OF THE EXHIBITION THIS YEAR. AMONG THE VIP GUESTS OF THE EXHIBITION AND CONFERENCE CASPIAN OIL & GAS 2019 WERE

Mr. Yury Sentyurin,
Secretary General,
Gas Exporting Countries
Forum (GECF)

Kurmangazy Iskaziev,
Deputy Chairman of
the Board for Exploration,
Production and Oilfield
Services at National Company
KazMunayGas JSC

Mr. Kent D. Logsdon,
Principal Deputy
Assistant Secretary,
Bureau of Energy Resources

Tomonobu Uchida,
President of JOGMEC,
Japan

Mr. Amir Hossein Zamaninia,
Deputy Oil Minister (Iran)

Melih Han Bilgin,
CEO, President of TPAO

Parviz Shahbazov,
Minister of Energy of
the Republic of Azerbaijan

Garry Jones
Regional President,
BP Azerbaijan-Georgia-
Turkey

Rovnag Abdullayev
President of SOCAR

PARVIZ SHAHBAZOV,

Minister of Energy of
the Republic of Azerbaijan

The Caspian Oil & Gas Exhibition and Conference, which has coincided with the beginning of the oil strategy initiated by our National Leader, Heydar Aliyev, has played an important role as the first event focusing the world's attention on the new stage of the development of our oil industry. The exhibition and conference, which has been recognized as the most important event of the Caspian region since its beginning, has already become an international platform for diversifying cooperation relationships and the signing of documents on the development of hydrocarbon reserves, with the number of participants increasing each year. 26 years ago Azerbaijan was trying to introduce its energy potential to the world through this exhibition and conference, today it carries on the mission of a reliable partner in a strategic partnership, international integration and energy security. I believe that the 26th International Caspian Oil & Gas Exhibition and Conference will not only serve as an experience showcase, but will also unite efforts to benefit from this experience; it will be the platform for the discussion of new ideas and cooperation proposals by oil and gas companies and specialists, as well as government representatives from different countries worldwide.

ROVNAG ABDULLAYEV

President of SOCAR

The Caspian Oil & Gas Exhibition and Conference is an effective communication platform for our joint efforts to transform Azerbaijan into an interregional energy hub. Holding such events is of paramount importance in terms of searching, extracting, processing and the marketing of our energy resources, the diversification of supply routes in the country, the development of relationships with international partner companies as part of large-scale projects aimed at ensuring security in the region, and enhancing our successful cooperation, which is based on mutual trust, to a higher level. I believe that the innovations, discussions, debates and reports presented by the participants at the 26th International Caspian Oil & Gas Exhibition and Conference will open new perspectives for the future development of the world's oil industry and will be useful in terms of planning the future projects and operations.

KURMANGAZY ISKAZIEV,

Deputy Chairman of the
Board for Exploration,
Production and
Oilfield Services at
National Company
KazMunayGas JSC

Within two days, both as part of the conference and outside the event, we had interesting meetings at which the prospects for the development of cooperation between the leading companies of the two countries were discussed. I express my gratitude to the organisers of the exhibition and conference and I can inform you that next year KazMunayGaz plans to participate in the exhibition with its own stand.

EXHIBITION SECTORS:

- Geophysics and geology
- Reservoir engineering
- Construction and exploitation oil and gas wells, platforms and floating rigs
- Designing, manufacturing and servicing the equipment for oil and gas industry
- Pipe-laying and providing protection systems for pipeline
- Refining and petrochemicals
- Hydrocarbons transportation
- Building and construction works for the energy sector
- Providing oil and gas storage systems
- Producing specialist techniques, general operational and maintenance back-up and spare parts and many others, including financial and legal services.
- Chemical industry branches
- Raw materials for the chemical industry
- Chemical production

COG2019 EXHIBITORS

Denis Lemarshal,
Head of Azerbaijan's
Representative
Office Total

“

The exhibition is perfectly organised, and is getting even better from year to year. My congratulations to the organiser - they did a wonderful job! I believe that the main merit of the exhibition is to create a platform for communication between the main representatives of the oil and gas industry in Azerbaijan. It provides an excellent opportunity to meet with very interesting and useful people for the mutual exchange of views on the companies' plans for future.

”

Vyacheslav Ogurtsov,
Head of the Division
for Foreign Economic
Projects at
Transneft Diascan

“

This exhibition is regional in nature, it is quite large-scale and has among the exhibitors most of the major market players. Participation in the exhibition is bearing its fruits - we are already known in Azerbaijan and are approached with suggestions / offers. Moreover, we are always pleased with the opportunities for cooperation in our field of competence, first of all, on the issues of in-line diagnostics.

”

Paul Dean,
General Director
for Azerbaijan, Georgia
and Turkey at Worley

“

Today's participation at Caspian Oil & Gas provided an opportunity to meet new customers, a large number of companies. We offer a wide range of services in this area and we believe that the exhibition will contribute to the expansion of new business ties.

COG2019 EXHIBITORS

Olga Sevastyanova,
“Naftamatika”, Slovakia

I believe that the exhibition is the best place to establish friendships. And this leads to solid cooperation in the future. Negotiations with experts help create a deeper insight. We hope that after this exhibition we will be able to establish the necessary partnerships for us.

Andrey Shemelin,
Deputy Commercial Director
at Etalon, Russia

For the first time, we visited the Caspian Oil & Gas exhibition. I should say that the organisation of the exhibition is just excellent. The main purpose of the visit is the desire to find new markets for our product and expand our partner base. The exhibition plays an important role in the development of the oil and gas industry. Helps to find new partners, enter into contracts and contracts. It is a good occasion to exchange experience and present your product and services within the framework of live communication and establish profitable business relationships.

Nikolay Titskiy,
Manager at Turbogaz, Ukraine

This is my first time at Caspian Oil & Gas. I liked everything; there is a very friendly atmosphere here, people are open to dialogue, and stands are compactly placed. I want to note the important fact that Azerbaijan is turning from the country of the exporter into the country of the processor, and this kind of level events once again prove the high status of the Caspian region in the oil and gas industry.

REFERENCES OF VISITORS

THE PROGRAM OF THE ADDITIONAL EVENTS

The exhibition was rich with additional events. Traditionally, B2B meetings held, where representatives of local and foreign companies were able to meet each other face to face to discuss ways of cooperation.

During the exhibition, a lot of attention was paid to the students and young professionals of the industry. Also, during the specialised training sessions, representatives of the leading oil companies BP, Halliburton and Leading Supply share their knowledge and experience with young specialists in the industry. They also made speeches with the aim of preparing young professionals for future work and job interviews.

BUSINESS BREAKFAST

THE ORGANISERS OF THE CASPIAN OIL&GAS EXHIBITION HOSTED A BUSINESS BREAKFAST FOR THE EXHIBITION PARTICIPANTS. THE AIM OF THE BUSINESS BREAKFAST WAS TO HELP PARTICIPANTS BENEFIT FROM THE OPPORTUNITIES CREATED AT THE EXHIBITIONS MORE EFFICIENTLY.

The business breakfast was led by a coach and project manager of Caspian Event Organisers **Mr.Rashad Gadimov**

During the business breakfast, the main issues with the regard to the organization of stands were touched upon and formula for successful participation at the exhibitions was presented.

BUSINESS BREAKFAST

B2B WORKSHOP

This year's exhibition was distinguished by a comprehensive business programme, within the framework of which were held B2B meetings, which were provided the exhibitors with an additional opportunity to conduct business meetings and negotiations with several key customers during the day.

Foreign and local companies took part in the meetings, where the participants were offered an additional opportunity to meet with leading local travel companies to present and discover new products and services, explore new business opportunities, find potential customers and exchange business experiences.

B2B WORKSHOP TOOK PLACE WITH THE PARTICIPATION OF 27 LOCAL COMPANIES AND 32 EXHIBITORS, BETWEEN WHICH 87 MEETINGS WERE HELD.

"BIZIMKILER" SESSION

For the first time at the Caspian Oil & Gas Exhibition, a session called "Bizimkiler" (Our People) was organised; it is a new brand in the event portfolio of the exhibition partner, Caspian Event Organisers. The name of the session was due to the fact that our compatriots working abroad in the world-famous oil companies were speakers. The purpose of the session was to bring to the audience the experience of large international companies, to become acquainted with the latest industry and know how.

Firudin Safarov

the Senior Project Engineer of **SOCAR KBR (London)**, gave a presentation on a new look at technological engineering, as a chemical engineering industry focused on production and the industrial processes.

Tural Yusubov

the Chief Engineer of the **Abu Dhabi State Oil Company (ADNOC)**, responsible for project management and the integrity of oil wells, gave a presentation on project and people management methods. He talked about ways to compensate for a shortage of staff at the time of the project's implementation, maintain motivation among the staff and properly distribute the workforce.

Parviz Gafarov

Senior Instrument Engineer at **'Wood'**, talked about instrumentation and process variables used in the industry, and talked about new technologies.
